

WIRELESS

CC-300 CARE CALLER

SHORT RANGE CALL SYSTEM

The NEW CC-300 Care Caller Gets Help Fast! A tug on the “Pull-for-Help” cord OR pressing the “Pendant Button” signals the Enunciator and notifies family, Caretakers or Nursing Staff until help arrives!

Cordless “Press or Pull-For-Help” Transmitter

Can be worn around the neck or placed in a pocket. Designed to be easily activated even by people who have difficulty grasping small objects. The pendant activates by pressing red button or pulling the “Pull-for-Help” cord. Water resistant and can be worn 24-hours a day. Transmitter has long-lasting lithium batteries that will not need frequent replacement.

**GETS
HELP
FAST!**

SHORT RANGE:

With advanced S.A.W. technology.

CC-300 System accepts up to **40** separate Short Range Transmitters!

Enunciator can be placed on desk, counter or wall mounted at home or facility.

The Enunciator sound is selectable High or Low and has Auxiliary output to trigger Automatic Voice Dialer (optional).

Now you can feel Safe, Secure and at Ease whenever patients, family members, or friends are confined to bed, home or facility and need fast assistance. **Care Caller** sends the signal to call for help up. Ideal for studio size apartments or small condominiums. The **Enunciator** sounds the audible horn and flashes the strobe until caretaker resets it.

Simple and easy to use because **Care Caller** is **Wireless!** It installs in minutes, simply plug in the Enunciator, and you are ready to **Get Help Fast** when needed! So feel at ease, install the **CC-300 Care Caller** for a loved one, patient or friend.

You'll be so happy you did!

Wireless Care Caller Gets Help Fast for loved ones and patients!
